## Hi-vis rain bib and brace

Making you visible and keeping you dry, that is what the Amberg does. These comfortable bib and brace trousers with front bib protect you against the harshest weather conditions thanks to the impenetrable Flexothane<sup>®</sup> fabric. The fluorescent colour and the reflective tape around the waist and leg ends make you really stand out. Besides, the leg ends can be narrowed with press studs. The fly has press studs, and the supple fabric and the elastic braces with PVC buttons and buckles ensure that you will not be hindered in your movements.
